### Interregnum

Since the last Newsletter all the documentation to advertise for the next vicar has been signed off by the four Parochial Church Councils of Hannington, Old, Scaldwell and Walgrave and were submitted to Archdeacon Richard Ormston on Friday 4<sup>th</sup> May. The post is in the process of being advertised and hopefully I will be in a position to update you on applicants in the next newsletter.

As a temporary measure, Bishop Donald has appointed Rev Nicki Hobbs to the Walgrave benefice on a full time three-months placement. Nicki is currently curate in the benefice of Broughton, Cransley, Mawsley and Thorpe Malsor and to help her and the parish's transition from being curate to vicar-in-charge, the Bishop felt a period away would benefit both parties. Nicki joined us on the 1<sup>st</sup> May and will be in the benefice until the end of July. She lives in Mawsley, has a young daughter who attends Walgrave Primary School and has already been very active in all the parishes. If you need to contact her between now and the end of July, her telephone number is 01536 799522.

Please take time to read the enclosed letter from the Parochial Church Council. Thank you.

### Church News

Annual Parochial Church Council Meeting was held on the 23<sup>rd</sup> April, when Jackie Anstice and Dara Masterson-Jones were elected Church Wardens. Many thanks go to them for all their work for the Church. Nick Masterson-Jones was elected Secretary and Sue Dodds-Smith Treasurer. Dave Keir stepped down as Church Warden and we thank him for his many years of service in this position and for his contribution to our Church and PCC

Christian Aid. Again, the amount raised will be in the next Newsletter but thanks to all who gave and all who collected and to Jane Hensman for the organisation of the street collection.

### Church Repairs

It is hoped that repairs will commence within the next couple of months and as there will be scaffolding erected we ask that all villagers report any suspicious activity.

The Parish Council has met on five occasions since the last newsletter was published. The meetings on the 4<sup>th</sup> April and the 10<sup>th</sup> May were to do with planning applications in East End. Information regarding these can be found on the parish council website. The remaining three meetings were full council meetings.

On Wednesday 18 April 2018, Councillor Purcell brought Council up to date on the forthcoming GDPR regulations. We also discussed the planning application to the north of Mercedes Avenue, on the border between Brixworth and Scaldwell Parishes and agreed to send in our objections.

On Wednesday 16<sup>th</sup> May, the Annual Parish Meeting (APP) was held, followed by the Annual Parish Council Meeting (APC)

Council wishes to thank all who attend the APP Meeting and for the detailed reports submitted from the various clubs/activities that take place within the village.

The issue of traffic was again raised, and council agreed to continue looking at all possible solutions.

At the APC, council reviewed and approved the various actions covering Scaldwell Council's annual audit report

Councillor Wharton offered to restart the Neighbourhood watch scheme; information will follow.

On GDPR, Council has agreed to all the necessary actions to make sure we are GDPR compliant.

Council agreed that we would issue a statement of works in relation to refurbishment of the telephone box prior to the Defibrillator installation.

Council agreed also to seek estimates for repairs/ improvements to the Village Greens. We hope to be able to update you in due course.

As many of you will be aware, our previous clerk, Gillian Greaves resigned. However, Council is very happy to welcome our new clerk, Hayley Cawthorne.

The next Parish Council meeting will be held at 7.30pm in the Village Hall on Wednesday 27<sup>th</sup> June 2018. All parishioners are most welcome to attend.

## **NEIGHBOURHOOD WATCH**

*There has been a sharp rise in fraudsters sending out fake text messages (smishing) and phishing emails claiming to be from TSB. The increase in the number of reports corresponds with the timing of TSB's computer system update, which resulted in 1.9 million users being locked out of their accounts. Opportunistic fraudsters are using TSB's system issue to target people with this type of fraud.*

*Since the start of May there have been 321 phishing reports of TSB phishing made to Action Fraud. This is an increase of 970% on the previous month. In the same reporting period, there have been 51 reports of cybercrime to Action Fraud which mention TSB – an increase of 112% on the previous month.*

*Fraudsters are commonly using text messages as a way to defraud unsuspecting victims out of money. Known as smishing, this involves the victim receiving a text message purporting to be from TSB. The message requests that the recipient clicks onto a website link that leads to a phishing website designed to steal online banking details.*

*Although text messages are currently the most common delivery method, similar communications have been reported with fraudsters using email and telephone to defraud individuals.*

*In several cases, people have lost vast sums of money, with one victim losing £3,890 after initially receiving a text message claiming to be from TSB. Fraudsters used specialist software which changed the sender ID on the message so that it looked like it was from TSB. This added the spoofed text to an existing TSB message thread on the victim's phone.*

*The victim clicked on the link within the text message and entered their personal information. Armed with this information, the fraudsters then called the victim back and persuaded them to hand over their banking authentication code from their mobile phone. The fraudsters then moved all of the victim's savings to a current account and paid a suspicious company.*

### **Protect Yourself:**

#### **Don't assume an email or text is authentic:**

*Always question uninvited approaches in case it's a scam. Phone numbers and email addresses can be spoofed, so always contact the company directly via a known email or phone number (such as the one on the back of your bank card).*

#### **Clicking on links/files**

*Don't be tricked into giving a fraudster access to your personal or financial details. Never automatically click on a link in an unexpected text or email. Remember, a genuine bank will never contact you out of the blue to ask for your full PIN or password.*

With apologies for the item in the last Newsletter accredited to Jim Alcock. It was actually from Barry Warner. Sorry for the mistake.
