SCALDWELL SPORTS CLUB

RICHARD KENDRICK

Spring is arriving. Time to dust off your tennis racket and get fit. Enclosed in the Newsletter is the subscription form for the Club. It is the same ridiculously low price it has been for the last 10 years. I am sure you will agree it is excellent value. Please make prompt payment to the Old Rectory

Thank you

Some people suffer from tennis elbow. I suffer from Yips waaa.

MISCELLANEOUS

Cynthia Spencer Hospice Appeal

I would like to thank everyone who bought tickets and attended the Spring Lunch on the 18th March.

A total of £756.00 was raised.

A big thank you to all who helped on the day, and thank you also to the people who provided prizes for the raffle, and also to the people who gave a donation. An enjoyable time was had by all

OUT OF THE MOUTHS OF BABES.....

Poppy aged five was taken to see the musical "Annie"

The next day at school Poppy was asked what she would like to be when she grew up. An orphan she replied!!!

A little boy opened the big family Bible. He was fascinated as he fingered through the old pages when suddenly an old peasant leaf fell out. "Mama look what I have found" the boy called out. "I think it is Adam's underwear!"

If you would like to provide contributions to the newsletter please do so, either by putting them through my door or giving me a ring on 881771

THE RULES OF CHOCOLATE

1. If you have melted chocolate all over your hands, you're eating it too slowly
2. Chocolate covered raisins, cherries, oranges and strawberries all count as fruit, so eat as many as you want because they're good for you.
3. Chocolate covered ice cream counts as dairy produce - same as above.
4. Chocolate comes from cocoa beans. Beans are vegetables - same as above.
5. If you have problems carrying two pounds of chocolate home from the shop, just eat it in the car park instead.
6. For dieters - eat a chocolate bar before each meal, it'll spoil your appetite.
7. A box of chocolates can provide your total intake of calories in one go. Isn't that handy?
8. If you can't eat all your chocolate, there's something wrong with you. Practice, practice, practice.
9. If you eat white AND plain chocolate, you have a balanced diet.
10. Chocolate contains preservatives. It will help you stay young.
11. Why is there no such thing as Chochoolics Anonymous? Because no one wants to give it up, ever.
12. If there were no chocolate, there'd be no need for control top tights. A whole industry would be devastated.
13. If you put "Eat Chocolate" on your daily list of things to do, you'll always accomplish ONE thing you set out to do that day.
14. **Storage Tip**
Calories are afraid of heights. Keep your chocolate on a high shelf; the calories will jump out of the chocolate to protect themselves.
