and those who gave time and effort to arrange (and dismantle!) the show and garden supper. Special thanks to Maggie Angeloglou who drew in the exhibits and whose garden was the venue for the preview supper. The financial result was just over £1,300 towards church funds.

We also welcome Benjamin Matthew, son of Sarah and Stuart Keeping and brother of Susannah and Jack.

ART AND CRAFTS EXHIBITION

Our grateful thanks to all who helped to make our June biennial event successful. To those who came to enjoy, buy or donate, those who contributed works of art or craft, including flora,

ANNUAL CHURCH MEETING

The annual meeting of the Parochial Church Council was held in the church on Wednesday 28th April.

Jack Deacon and Gwen England were re-elected as Churchwardens, Sue Dodds-Smith as Secretary and Elizabeth Hill-Smith as Treasurer. The Rector thanked everyone for their hard work, especially Christopher Angeloglou as Sacristan, the sidesmen, readers, cleaners and flower arrangers. Many people who visit the church remark on the upkeep and general atmosphere.

HARVEST FESTIVAL - 26TH SEPT 1999

There will be a presentation of the Good News Bible to those who are eligible. If you had your 11th Birthday on Monday 28th September 1998 through to and including 26th September 1999, then you are eligible. Please get in touch with Chris Nash, tel. 880638 as soon as possible because the bibles have to be ordered. The Festival service and presentation will be in the church at 10.30 am and the supper in the evening will be in the village hall.

HARVEST SUPPER

We should be most grateful if all gardeners and producers of fruit and vegetables could leave their contributions in the church on Saturday 25th September.

PARISH COUNCIL

KATH FRANKLAND

As Maggie gave a very full report on the June/July newsletter, there is not much to add. On behalf of the Parish Council, I would like to thank Maggie for all her hard work as Chairman and I am especially pleased that she has agreed to act as Vice Chairman. Her advice, as well as that of my fellow councillors, will be most valuable.

Village Hall

It was agreed at our meeting in June to offer a sum of money to aid with repairs and alterations, provided that the project goes ahead.

Playing Field

The annual inspection of the playing field and equipment has been arranged. Hopefully, all will be well, but I am now awaiting the report.

Traffic Calming

At a recent meeting of the Cherry Hill Working Party, there was much discussion of what might happen with regard to traffic through the villages when Knights of Old finally move out. The general feeling was that any traffic calming measures should be put on hold for the time being. Weight restrictions are also being considered which could be an asset to Scaldwell.

Litter

Perhaps because of the recent good weather, there seems to have been an increase in the amount of litter in and around the bus shelter. Could I make a special plea for rubbish to be deposited in the bin provided? This is emptied every other week.

Finally, I am sure everybody is delighted to see the refurbishment of the telephone box on the green. It is also pleasing to note that the height of the scaffolding construction on the former Crawshaw Robbins' site has now been reduced.

SCALDWELL CLUB

ROGER MORGAN

The Club Committee launches itself into another season with the able assistance of two new members, myself and Darren Munn. Gwenda Sheldon and Patrick Deery have finished their terms of office and we are

grateful to them for all their hard work and commitment over the last three years.

One of our major tasks this year will be to develop a more efficient smoke reduction strategy for the bar area. Initially, we are going to assess the effect of re-connecting the existing extractor but a more powerful system may be needed, if this doesn't help. The air cleaner will continue to function as before.

There have been some comments about the super strength lagers we have been serving on draught recently. Apparently club members have had difficulty operating at full throttle afterwards. We are going to remedy this by having a series of lower strength 'guest' lagers for you to try.

Still in the bar, may I remind you about the low, low prices at the HAPPY HOUR evenings – the last Friday of every month – and the ever popular Sunday lunch time opening from 12 o'clock to 2.00 pm.

Finally, be on the lookout for details of forthcoming events!

YOUTH CLUB

LYN GUNNETT

We are planning to re-open the Youth Club again in September, depending on the number of children wishing to attend. If you have children who are eight years old and over who would like to join, we are planning to open again on Tuesday nights from September. A representative from Youth Services visits once a month.

However, unless we have a good response from the village children, we may have to reduce the sessions or close the Youth Club all together.

If anyone is interested in joining please contact Lyn Gunnnett tel: 881703, or Tracy Denton Tel: 882473, before the end of August.

SPORTS CLUB

KATHY MORGAN

The 1999 tennis season is in full swing and we seem to be having some fine tennis weather at the moment. If you would like to become a playing member please give me a call

(882214). Club sessions are on Wednesday evenings and Sunday mornings.

Many thanks to the participants of the Crazy Tennis afternoon on 11th July. It turned out to be an excellent opportunity for players of all abilities to have a go.

Please keep Friday 17th September free – we are planning a return of the Scaldwell Horsewinders, last seen circa. 1987. Those of you who were in the village then may remember what a fun evening it was. Details will be posted around the village soon, or contact me on the above number for more information. We are also planning another Whist Drive on Saturday 13th November. I look forward to seeing you at one or both of these events.

RED LION CORNER – SAFETY MIRROR

Joanna and Walter Domhof are very grateful to Tom Saunders for permission to erect a safety mirror on his land, opposite the driveway of Old Red Lion House. This has considerably reduced the danger of driving out into the blind bend.
